Prof. Monica di Luca - European Brain Council (EBC) & Federation of European Neuroscience Societies (FENS)

Brain Awareness Week is the global campaign to increase public awareness of the progress and benefits of brain research organised by the Dana Foundation. Every March, partner organizations worldwide work together to celebrate the brain for people of all ages. Past activities have included open days at neuroscience labs, exhibitions about the brain, lectures on brain-related topics, social media campaigns, displays at libraries and community centers, and classroom workshops - to name a few.
